

Province

Page Overview

The "Province List" page provides a comprehensive view of all provinces managed within the system. It includes dashboard navigation, search and filter options, and a detailed table displaying various province attributes.

- **Action Buttons (Top Right):**

- **+ Create Province:** Allows you to add new province entries.

- **Search and Filter Panel:** Helps you narrow down the displayed list of provinces based on specific criteria.

- **Province Details Table:** Displays the list of provinces with their respective information, including their ID and name.

The screenshot displays the "Province List" interface. At the top right, there is a "+ Create Province" button. Below the header, a breadcrumb trail shows "Dashboard > Management > Province list". A search bar with the placeholder "Province name" and a "Search" button is present. The main content is a table with columns for "Id", "Province name", and "Actions". The table lists 8 provinces, including Attapeu, Bokeo, Borikhamxay, Central Province, Champasack, dsa, Huaphanh, Khammuane, Luangnamtha, and Luangprabang. At the bottom, there is a pagination control showing page 1 of 3.
