

Capture Screen

The screenshot shows the 'Record Collection (Capture)' screen in the LALCO mobile app. At the top, there is a green header with the LALCO logo and the text 'LALCO LAO ASIAN LEASING PUBLIC COMPANY'. Below the header, the screen title is 'Record Collection (Capture)' with a sub-header 'Add Your Record Collection'. The main content area is white and contains several sections: 'Choose Image' with 'Camera' and 'File' buttons; 'Contract Number' with a text input field; 'Select Currency Type' with 'USD', 'THB', and 'LAK' buttons; 'Amount' with a text input field; and 'Paid Date (ISO)' with a date picker showing 'Mar 23, 2026'. A large green 'Save' button is at the bottom. A bottom navigation bar includes icons for Home, Tasks, Sales, Legal, Team, and Customers.

The **Record Collection (Capture) Screen** allows staff to record payment collections by capturing proof (image/file) and entering transaction details such as contract number, amount, and payment date.

Image Upload Section

Choose Image

Users can attach proof of collection using:

- **Camera** → Capture image directly

- **File** → Upload from device
-

File Status

No file selected

Displays whether a file has been attached.
